

YOU'VE IMAGINED IT.

The thrill of college life at UW Madison, followed by a satisfying naval career. Highlighted by great achievements. Create your own success story.

NROTC turns your ambitions into reality.

AN NROTC SCHOLARSHIP DELIVERS:

- Full tuition and fees for four years (up to five for some technical degrees)
- Allowances for textbooks
- A monthly spending stipend
- All Uniforms

The NROTC Unit at the University of Wisconsin — Madison has a long tradition of graduating some of the finest Navy and Marine Corps officers in the country since 1945. Future officers — surface, submarine, aviation, and Marine Corps — all participate and excel, both academically and professionally, in university life.

Academics are the priority at UW and midshipmen earn some of the highest student GPAs on the campus in a diverse line of majors. The Unit also provides some one-on-one help and support if you run into some problems in class.

The current battalion is over 65 midshipmen strong. This maintains a high profile for the NROTC unit within the university community.

The Badger Battalion produces tomorrow's leaders — people just like you! Excelling at jobs in aviation, engineering, nursing, on submarines, surface ships or as Marines. Serving in more than 100 Navy ports of call around the world from Spain to Japan, Hawaii to Italy.

How far do you want to go? It's up to you.

Reach your goals. Find your destiny.

It's your future. Your call. Your country.

UNIVERSITY OF WISCONSIN

NAVAL ROTC SCHOLARSHIP PROGRAM

Tomorrow's leaders train here today!

AVIATION CLUB

The Aviation Club is an organization within the battalion providing activities, events, and a chance to enhance your understanding of the aviation community. Past trips include Naval Air Station Pensacola and Jacksonville as well as various air shows. For future pilots and navigators the club provides time to talk shop, stay current with today's changing Navy, and prepare mentally to *Fly Navy!*

SEMPER FIDELIS SOCIETY

Semper Fidelis is the motto of the United States Marine Corps. It means "always faithful" to your country, to yourself, and to a set of ideals that have made the Marine Corps the most respected fighting force in the world. The society is an organization committed to upholding those ideals and furthering the training of future Marine Corps officers.

THE UNIVERSITY OF WISCONSIN

NROTC UNIT

The Badger Battalion offers many unique opportunities for participation. Organizations such as the *Semper Fidelis* Society, the Sail team, the Submarine Club, and the Aviation Club meet frequently and take field trips to learn firsthand about possible future careers and opportunities in the naval services.

The UW NROTC intramural teams - soccer, football, volleyball and sailing - are always among the teams to beat on campus. In the national arena, the UW NROTC drill, pistol and rifle, and endurance teams bring back national trophies each time they compete, adding to an already impressive collection.

For a great way to unwind and relax at the unit, especially after a long day in classes, there's a full array of exercise equipment and weights in our gym. We also have a new battalion lounge featuring a large screen TV with cable and DVD, a pool table, foosball and a state of the art computer center

DRILL TEAM

The UW Drill Team is one of the best in the nation. Throughout the year they compete in meets held across the country.

Drill instills discipline through precision and automatic response to orders. The team begins to think like one mind and act like one body. To be a member of the drill team takes a lot of hard work, discipline, and dedication.

Our color guard members can be seen proudly displaying the flag at home football and basketball games during the national anthem.

RIFLE/PISTOL TEAMS

The NROTC Rifle/Pistol Teams shoot 22-cal. target rifles and pistols in competitions. Practice, travel and competition play a big part in the Team experience as meets are held nationwide. If you want to better yourself, have high personal goals, and like competing at the national level, we have a rifle or pistol waiting for you!

SAIL TEAM

All Navy option midshipmen learn how to sail on Lake Mendota while obtaining their "Skipper B" certification. Once certified, midshipmen are allowed to check out and solo sail on the units fleet of Laser sailboats.

Midshipmen who join the sail team practice and compete in regattas across the Midwest.

NUCLEAR POWER/SUBMARINE CLUB

Our nation's fast-attack and ballistic submarines are known as the stealth ships of the Navy. Club members learn first hand what is expected of a Nuclear Trained Officer in the US Navy. Meetings are fun and informative and there are also field trip opportunities available.
